Perfectly situated on a quiet cul de sac this sweet family home sits on over half an acre (.505 acre) of private property with a little trickling creek behind it. With a mature garden, the sunny south facing park-like backyard stretches out to offer great potential for a young family's adventures & enjoyment. Almost 4000 sq.ft. of living space, this solid home offers the discerning buyer great opportunity to refresh or expand this late 1960's floor plan & make it their own. Conveniently located in the Cedardale neighborhood, it's an easy distance to Park Royal, Ambleside beaches & shopping, downtown Vancouver, schools & more.
